Sounds good, thanks.

FYI - I will be in NY week of 27 Nov. I have a Riverside meeting morning of 28 Nov, would expect we'll be done by 1pm or soon after. If that day works for a discussion on the revised presentation I'm there in your building. Have NBay team meeting on 28th, then travel back morning of 29th.

Subject: [EXTERNAL] LPRSA - Brief update from CPG on their revised presentation submission

Update from CPG about their revised presentation submission:

Rob let me know yesterday they expect to have their revised presentation and supporting narrative to us before the 27th. He informed me they would like to submit a draft and then have a follow up conversation with us soon after. I expect to get more a better sense of the initial submission over the next couple of days, but was told their initial submittal will be well before the 27th. Given the call scheduled with the Agency's HQs CSTAG coordinator (Karl G.) on 12/4 our goal will be to have whatever revisions CPG needs to make to us by the 27th so that we can work together as a group the week of 11/27 to provide whatever supplemental information we may need.

As a reminder, I will be on hurricane response from 11/11 until 11/25. As we discussed on Monday's call I expect to have much more availability to participate in calls and respond to emails. Thanks again for revising the weekly call day and time so that I can still participate. I also let Rob know that I will likely need a little bit of flexibility with scheduling a follow up discussion on their revised presentation.

My anticipated time constraints over the next two weeks will be daily 8 -9am and 4-5 pm meetings. On Mondays, Wednesdays, and Fridays I will also be unavailable from about 1:45 pm to 3 pm.
